

Technical Data Sheet

FeedBond® EP-28-UHS-093-G

UV and Thermal Dual-Curable Adhesive

Description:

FeedBond®EP-28-UHS-093-G is a one-component, UV and thermal dual-curable adhesive. It has excellent adhesion to Ni and LCP.

Uncured Properties	Value	Test Description	Method
Appearance	Green translucent	Visual	-
Specific Gravity	1.01	Pycnometer	FT-P001
Viscosity @25°C (cps)	11,000	Brookfield DV-III/CP-51 @ 5rpm	FT-P006
Thixotropic Index @25°C	4.13	0.5rpm/5rpm	FT-P008
Shelf Life	6 months	@25°C	FT-P018

Recommend Curing Schedule

Recommend cure condition is 2,000 ~ 3,000 mJ/cm² (UV LED) + heat-cured at 100°C for 1hr (oven)

Notice: The curing time and energy may vary depending on the light source, substrate, thickness of the adhesive layer, etc. It should be test before use.

Cured Properties	Value	Test Description	Method
Hardness Shore D	50	ASTM D-2240, shore D	FT-P037
Water absorption	1.49%	ASTM D-570	FT-P032
Curing Shrinkage	13.61%	Pycnometer	FT-P056

Please contact your local quality department for assistance and recommendations on specifications for this product.

Precautions

1. This product is not suitable for use in pure oxygen and oxygen-rich environments, and cannot be packaged and stored in chlorine gas or other strong oxidizing substances.
2. This product is sensitive to UV and visible light. When storage and handling, keep away from sunlight, UV light and artificial lighting as much as possible. The adhered surface should be kept clean, dry, and oil-free.
3. After opening and using, the lid should be tightly closed to avoid moisture, impurities and light etc.

Technical Data Sheet

FeedBond® EP-28-UHS-093-G

UV and Thermal Dual-Curable Adhesive

affecting the quality. Do not return product into the original container, so as to avoid contamination of unused adhesives.

4. The work life should be evaluated according to the usage conditions. If adhesive has been used for more than 8 hours, it cannot be recyclable, so as not to affect the performance of the adhesive.

Storage

The optimal storage conditions is sealed at room temperature and keep away from any light. The shelf life is 6 months.
